CLUB MEETING SUNDAY, SEPTEMBER 4TH AT 9 AM

UPCOMING MEETINGS

The Chino Bonsai Club was formed to put on the best bonsai shows! The upcoming club meeting will revolve around preparation for the 2nd Annual Chino Bonsai Club Exhibit. The 2nd Annual Chino Bonsai Club Exhibit will be held on Saturday, October 1st and Sunday, October 2nd from 9 AM to 5 PM at 261 S. Junipero Serra Drive in San Gabriel, CA. It will be a great show with beautiful bonsai trees and great vendors! Free Admission! Please join us for the dinner reception at 5:30 PM on Saturday.

On the September 4th, 2022 meeting, the club will continue discussion around show and tree preparation. Please bring trees that you want to enter in the show! Chino Bonsai Club Board meeting will precede at 8:30 AM.

BONSAI COMMUNITY ACTIVITIES

Please prepare your trees for the 2nd Annual Chino Bonsai Club Exhibit. All show trees must have copper wire, be mounted on a stand or slab and have an accent plant. Trees and show accessories must be brought to the September 4th meeting to enter into the exhibit.

Volunteers are needed! Trucks are needed! We are calling on all members to volunteer their services wherever they can in preparation of and at the exhibit. We will need as many members possible and vehicles to transport trees and supplies. We need donations of round robin trees, auction items and raffle items for the show. Please bring everything you would like to donate to the September meeting.

Please visit our new website www.chinobonsaiclub.org and check out and like our new Facebook and Instagram pages.!

AUGUST MEETING

Tree presentation and preparation for the show - David Nguy

Sensei David Nguy discussed how to properly present a bonsai tree and what is needed to be a part of the Chino Bonsai Club 2nd Annual Bonsai Exhibit. All trees should be well established in a pot prior to the show to stay healthy and to avoid damage during transport. All trees need a stand or slab and accent plants need a stand or slab as well. Accent plants should contrast and not be taller than the lowest branch of the bonsai tree. The accent plant should not have the same shape pot as the bonsai tree. Bonsai tree and accent plant should point towards each other. Start mossing trees now and keep in shade and well watered. With a three point display, trees should face each other, be of different species and contrast each other. In the three point display, the two trees should be on the outside with the accent plant in the middle. For two shohin displays on one table, a bamboo divider should be used to separate them.

Thank you to Harry, Elaine, Jerry and June for providing refreshments.
