## CBC Show Planning Our Goal – A Great Show!

*The Chino Bonsai Club was formed with a single goal – to put on the best Bonsai shows!. This requires continual focus on the creation and maintenance of show quality tree displays. Monthly programs are focused on advancing this goal with expert demonstrations and workshops for detailed advice and assistance in learning skills needed to create show quality trees and supporting display objects such as pots, stands and slabs, and accent plants.*

### Plans

We ask that members wanting to participate in showing their trees follow the guide lines sent out to all members. All show trees must have copper wire, be mounted on a stand or slab and have an accent plant. Club members have been working hard to insure that every item required put on a first class show has been accounted for. An inventory has been taken of everything from pens to transport vehicles.

Advancing  
Toward  
The  
Goal

### Volunteers Needed

Much work still remains to be done, we still need to repair some trees, clean pots, add moss clean chairs and tables etc. We call on all members to volunteer their services wherever they can.

Please let us know your availability and areas that you may be interested in or able to assist. We will need as many closed vehicles Vans, SUV's, ...to transport the trees and others Pick-ups... for backdrops supports... Thank You!

If you have a white folding table such as the ones we use at Davids, please bring them with you for our August meeting for use in the show

# New Members!

A big welcome to our new members.  
We look forward to sharing our knowledge  
and love of the art of Bonsai with you!
